In February 1996, St. Luke’s Hospital and The Cornwall Hospital lost a valued member of their medical staffs when Dr. Michael Lukas Pappis, M.D., F.A.C.S. died unexpectedly. Dr. Pappis, a long-time area resident and medical practitioner was appointed to the medical staff of St. Luke’s Hospital in 1981 as a general and vascular surgeon. He completed his undergraduate studies at Columbia University and graduated from the Upstate Medical Center in 1973. From 1973 through 1977, Dr. Pappis completed his internship and first residency in surgery at New York University-Bellevue Hospital. He completed his second residency in vascular surgery at New York Medical College in Valhalla in 1981. Dr. Pappis was a Diplomat of the American Board of Surgery. He was an attending surgeon at both St. Luke’s Hospital and The Cornwall Hospital, as well as an assistant professor and attending surgeon at New York Medical College, Westchester County Medical Center, and Valhalla.

Dr. Pappis was deeply involved in the delivery of quality medical care to the greater Newburgh community. He was also very interested in the development of young talent for the medical professions. The medical staffs of St. Luke’s Hospital and The Cornwall Hospital and the Pappis Family established a lasting memorial tribute to Dr. Pappis through the creation of a scholarship fund. The fund will help support the higher education of a local student who is interested in pursuing a career in medicine.
