## THE MEDICAL GROUP AT MONTEFIORE ST. LUKE'S CORNWALL

Established in 2011, The Medical Group at Montefiore St. Luke's Cornwall was started by a group of experienced physicians who earned the respect of the community with their many years of local practice. These physicians have recruited and mentored young professionals to join them and carry on their legacy of high quality medical care. With offices in Newburgh and Cornwall, our highly-trained physicians offer a broad spectrum of care, including –

- Primary Care
- Wellness Education
- Pain Management
- Occupational Health
- Reconstructive & Plastic Surgery
- Palliative Care

In addition to the group doctors, our affiliation with Montefiore St. Luke's Cornwall allows The Medical Group direct access to a network of award-winning medical services.

- Cardiac Rehabilitation
- Physical Therapy
- Oncology & Radiation Services
- Sleep Medicine
- Imaging
- Laboratory Services
- Dialysis
- Wound Healing & Hyperbaric Medicine
- Driver Evaluation and Advise ment
- Center
- Cognitive and Memory Services
- Psychiatry/Physical Medicine & Rehabilitation

The Medical Group at Montefiore St. Luke's Cornwall maintains a strong collaborative relationship with local surgical and medical specialists to ensure timely access to experienced subspecialty care close to home.

The Medical Group mission is to focus on the medical needs and challenges of each individual who entrusts their health care to the practice. By combining preventative medicine strategies with state of the art treatment options, our physicians are committed to providing the high quality health care that our community deserves.

We accept most insurance plans, in addition to working with those without health insurance. For specific information, contact our offices.
