

MISSION STATEMENT

The Mission of The Department of Pharmacy Services is to improve the lives and well-being of the patients we serve through dedicated service, continuous quality improvement, and vigilant promotion of safety. The Department of Pharmacy Services is committed to excellence in clinical, academic, and innovative practices.

VISION STATEMENT

The Vision of the Pharmacy Residency Program is to educate and instill best practices, patient care, and quality standards for new pharmacy practitioners and develop clinical and leadership skills that contributes to the academic, scientific, and patient communities. The Montefiore St. Luke's Cornwall Hospital Department of Pharmacy Services wishes to set a standard for best practices, professional development, academic excellence, and high-quality patient-centered care.

YOUR FUTURE IN PHARMACY PRACTICE STARTS WITH MSLC!

The PGY1 pharmacy residency program at Montefiore St. Luke's Cornwall Hospital builds on a Doctor of Pharmacy (PharmD) education and experiences to contribute to the professional development of clinical skills, medication-related care of patients, pharmacy leadership, obtain eligibility for board certification, and provides expertise to participate in a postgraduate year two (PGY2) pharmacy residency program.

YOUR FUTURE IS OUR MISSION

Congratulations! You have taken a tremendous step in dedicating your career to a life-long learning and commitment to quality patient care.

Selecting a PGY-1 Pharmacy Residency Program is one of the most important career decisions you will face.

We understand being a new practitioner can be an ambiguous and daunting time. Let us work together to establish your foundation of professional practice and build your confidence with patient pharmaceutical care, communication skills, and contributions to the healthcare community.

Our team of healthcare professionals are committed to your education, professional development, and personal well-being!

OUR PROGRAM

The PGY-1 Pharmacy Resident Curriculum is designed to expose the Resident to all aspects of general hospital pharmacy practice that includes but not limited to:

- Clinical pharmacy practice in Critical Care, Medical/Surgical, Emergency Medicine, Oncology, and Infusion Services
- Performing medication management clinical interventions
- Joint Commission and Core Measurements with Antimicrobial Stewardship, Anticoagulation Management, Opioid Use Reduction Measures, and COPD & CHF Management
- Patient counseling, medication reconciliation, and pharmaceutical education
- Administrative and pharmacy leadership initiatives, projects, and programs
- Hospital Staff education and teaching
- Precepting and educating pharmacy school students
- Ambulatory Care practices with Opioid and Alcohol Use Disorder Program, CHF Management, COPD Management Program, and Diabetes Education Program

REQUIRED ROTATIONS

Critical Care	5 weeks
Emergency Medicine	5 weeks
Internal Medicine	5 weeks
Ambulatory/Oncology Care	5 weeks
Pharmacy Administration	5 weeks
Medication Safety/Quality	5 weeks
USP Compounding Standards	5 weeks

Longitudinal Rotations

- Antimicrobial Stewardship
- Anticoagulation Management
- Pain Management

Longitudinal Research Project

Selected quality improvement or IRB approved projects. This requires a presentation at the ASHP Midyear Clinical Meeting and the Eastern States Pharmacy Residency Conference.

Longitudinal Teaching Certificate

Participate with an affiliate college of pharmacy teaching certificate program of choice to advance your teaching skills. Requires predominantly online learning with monthly observed on-site teaching opportunities.
